***Election/Restrictions***

1. Restriction to one of the following inventions is required under 35 U.S.C. 121:
  - I. Claims 1-13, drawn to a process of making a compound of formula VI.
  - II. Claims 14-16, drawn to a process of making a compound of formula V.
  - III. Claims 17-18, drawn to a process of making a compound of formula I.
  - IV. Claim 19, drawn to a process of making a compound of formula IVA and IVB.

Group I is directed to a process of making a compound of formula VI, Group II is directed to a process of making a compound of formula V, Group III is directed to a process of making a compound of formula I, Group IV is directed to a process of making a compound of formula IVA and IVB. They are different processes for making different products employing different starting materials via different reactions. These inventions are distinct and have acquired a separate status in the art because of their recognized divergent subject matter. A reference anticipating one group of invention would not render obvious the other groups of inventions. The search is not co-extensive and is therefore burdensome. Since the search required for one group is not required for the other groups, restriction for examination purposes as indicated is proper.

2. A telephone call was made to Mr. Jeanette on 5-26-2004 to request an oral election to the above restriction requirement, but did not result in an election being made.

Applicant is advised that the reply to this requirement to be complete must include an election of the invention to be examined even though the requirement be traversed (37 CFR 1.143).

3. Applicant is reminded that upon the cancellation of claims to a non-elected invention, the inventorship must be amended in compliance with 37 CFR 1.48(b) if one or more of the currently named inventors is no longer an inventor of at least one claim remaining in the

Art Unit: 1625

application. Any amendment of inventorship must be accompanied by a request under 37 CFR 1.48(b) and by the fee required under 37 CFR 1.17(i).

4. Any inquiry concerning this communication or earlier communications from the examiner should be directed to Evelyn Huang whose telephone number is 571-272-0686. The examiner can normally be reached on Tuesday-Friday.

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, Joseph McKane can be reached on 571-272-0699. The fax phone number for the organization where this application or proceeding is assigned is 703-872-9306.
